EWAS Wrist Arthroscopy Course 2016

ADVANCED COURSE

Programme Outline

FRIDAY, 18 NOVEMBER

2016

*Experts help students directly at their allocated tables on an anatomical specimen with simultaneous teaching
Individual practical training by students*

MORNING

AFTERNOON

7 :45 AM

Registration and Welcoming of participants

12:30 PM

Lunch at the Institute

08 :10 AM

LECTURE 1 : Prof Mathoulin and Faculty

Wrist Arthroscopic Anatomy

Technique and portals

Indications & Complications

Styloidectomy

2 :00 PM

LECTURE 2 : Prof Mathoulin and Faculty

Principles of TFCC Repair

Distal Resection of Ulna

Removal of Dorsal Synovial Ganglion

Removal of Volar Synovial Ganglion

09 :30 AM - 12 :30 PM

PRACTICAL 1 :

All Experts

Exploration of normal wrist joint

Removal of loose body

Synovectomy & Styloidectomy

3 :00 - 6 :00 PM

PRACTICAL 2:

All Experts

TFCC, WAFER, Synovial Ganglia

Coffee breaks available at during Practical Sessions

6 :00 PM

End of Session

EWAS Wrist Arthroscopy Course 2016 ADVANCED COURSE Programme Outline

SATURDAY, 19 NOVEMBER

2016

*Experts help students directly at their allocated tables on an anatomical specimen with simultaneous teaching
Individual practical training by students*

MORNING

AFTERNOON

08 :30 AM

LECTURE 3 : Prof Mathoulin and Faculty

Wrist Arthroscopy in Distal radius fracture
Scaphoid fracture and Scaphoid non union
Scapholunate tears : current approach

1 :45 PM

LECTURE 4 : Prof Mathoulin and Faculty

1st CMC Arthritis : Arthroscopic treatment
Partial Implant in Scaphoid Proximal pole Necrosis
Interposition in SLAC 2

09 :30 AM - 12 :30 PM

PRACTICAL 3 :

All Experts

Scapolute tears, Scaphoid Fracture,
Distal Radius Fracture

2 :45 - 5 :30 PM

PRACTICAL 4 :

All Experts

CMC Joint, Interposition

12:30 PM

Lunch at the Institute

Coffee breaks available at during Practical Sessions

5 :30 PM

End of Course
