P. LIVERNEAUX -F-
Wrist Arthroscopy has been used for 20 years as a diagnostic test. Over the last 15 years, we have seen dramatic developments in its therapeutic application. Wrist arthroscopy is an important skill for all hand surgeons, exactly in the same way as shoulder and knee arthroscopy is crucial for orthopedic surgeons. This difficult technique has to be taught using cadavers and specialized instrumentation so that surgeons learn arthroscopic techniques in a stepwise fashion.

Announcement for 2020 practical courses
BASIC AND MASTER COURSES
FEBRUARY 28-29
ADVANCED COURSE
NOVEMBER 27-28

With the support of:

This course is intended for 34 participants working on 17 surgical tables supervised by more than 17 European experts in this field, i.e., 1 expert per table. Each table is equipped with a high-definition video system connected to a 2.4mm scope to suit the specialty’s needs and to accommodate the required instrumentation. Each video system is connected to the table of the course director who performs live demonstrations before participants start the procedures themselves. The basic course is intended for all surgeons interested in hand surgery, and in particular wrist surgery. Attending this course should allow participants to practice wrist arthroscopy skillfully and safely.

**FRIDAY FEBRUARY 22**

**SATURDAY FEBRUARY 23**

8:30 AM LECTURE SESSION 3  
- Principles of TFCC repair  
- Distal resection of the Ulna

9:30 AM PRACTICAL SESSION 3  
- Principles of TFCC repair  
- Distal resection of the Ulna

12:30 PM Lunch at the Institute

1:30 PM LECTURE SESSION 4  
- Ulna shortening  
- Mini invasive radius fracture plating

2:30 PM PRACTICAL SESSION 4  
Open Wrist session  
- Distal radius session  
- Trapezium implant  
- Total wrist prosthesis  
- Other techniques

4:30 PM End of course  
Delivery of certificates of attendance

Wrist arthroscopic surgery techniques have evolved considerably over the last 10 years. Some of these techniques have become quite hard to perform. We have decided to create a “master” course for experts who attend IRCAD courses regularly and participants who have already attended an advanced course. The objective will be to perform particular techniques on a specific topic, bearing in mind that there will be regular updates every year. The course will be held during one day and a half including theoretical sessions, surgical techniques performed in the operating room, and live surgery sessions. There will be 2 participants per table, supervised by an expert. In 2019, the program will address surgeries for intrinsic carpal ligament problems.
FRIDAY
FEBRUARY 22

8:00 AM
Registration and welcoming of participants

8:30 AM
LECTURE SESSION 1
• Triangular ligament lesion:
  • Peripheral suturing
  • Foveal reinsertion (transosseous, anchors, push-lock systems)
  • Triangular ligament reconstruction with tendon transfer

9:30 AM
PRACTICAL SESSION 1

12:30 PM
Lunch at the Institute

1:30 PM
LECTURE SESSION 2
• Scapholunate ligament repair:
  • Dorsal capsuloligamentous repair
  • Palmar lesion repair
  • Arthroscopic ligamentoplasty of the dorsal and volar portions of the scapholunate ligament
  • SLAM technique
  • Extracapsular periosseous reconstruction with tendon transfer

2:30 PM
PRACTICAL SESSION 2

6:00 PM
End of session

8:00 PM
Dinner in honor of the participants

SATURDAY
FEBRUARY 23

8:30 AM
LECTURE SESSION 3
• Sauve-Kapandji for radioulnar arthrosis
• SLAC I, II and III: interposition + or – partial arthrodesis

9:00 AM
PRACTICAL SESSION 3

12:30 PM
Lunch at the Institute

1:00 PM
End of course
Delivery of certificates of attendance

**CME ACCREDITATION AND COURSE ENDORSEMENTS**

IRCAD courses are accredited by the European Accreditation Council for Continuing Medical Education (EACCME) to provide CME activity to European medical specialists in their home country.

Every IRCAD course meets the criteria for the American Medical Association (AMA) Physician’s Recognition Award (PRA) Category 1 Credit(s)™. Physicians may apply to convert EACCME credits into AMA PRA Category 1 Credits™.

IRCAD has been accredited as a comprehensive Accredited Education Institute (AEI) by the American College of Surgeons (ACS).
